

## REGISTRATION

If you have more than one kid in our child-care, please fill out this registration for each child separately.

Child's surname

Name

Age

On the place from to

Is allowed to move free on the place

Is allowed to join tours after information

Can use toilet on her / his own

Illnesses, Allergies, specialties

Can and is allowed to swim

Additional

Parents' name

Mobile number

## NEWS AND HINTS

### PARENT-CHILD-CAMPING

This year, once again, there will be a special Parent-Child area with sanitary installations especially for our families with paths leading directly to the event tents. Besides this we also have reserved spots for families with trailers.

### STREAMING

Streaming of the course will be available in the small children's tent, as well as in an extra Mother-and-Baby tent for parents with small children.

### MOTHER-AND-BABY-TENT

Streaming will be available in a tent next to the gompa, so that parents with their babies will not have to leave the gompa if they are too loud. In this way, nobody will be bothered and parents needn't go out into the rain. This tent is not intended to be used for the viewing of DVD's, for children, to play in or for sleeping.

### PARENT HELPERS

The principle of parent helpers was completely successful last year. **Thank you!** This year, once again, parents are asked to help during a morning or afternoon shift. We will approach you about this once you have arrived, if you have not already signed up for a shift by then, please participate!

### PARENT EVENING

We would like to be in contact with you. For this reason please come to our **Parent Evening on Thursday, August 6th at 19.15 o'clock** in the childcare area.

### CHILDREN'S BLESSING

In previous years we had the joy of having Lama Ole give a children's blessing in the childcare area. We will inform you at the course of when the blessing will take place this year. **During the initiations and special teachings there will be no special children's blessing for families.**

3rd International Summercourse  
3.8.2010 – 15.8.2010 Europe Center

# CHILDCARE

# INFORMATION

Dear parents,

Here is some information about the childcare for this year's summercourse in the EC. **Please read the following carefully and turn in the signed letter at the childcare.**

## 1. THE IDEA OF THE CHILDCARE

Like everything in the course, the childcare is also an offer from friends for friends. We are not an educational program – we are more a fun program for your children. Therefore we are very pleased if your children come to us.

## 2. WHO IS CARED FOR?

We would like to invite your children between 4 and 16 years old to join us at child-/youthcare. Due to the experiences of the last years in Kassel, we cannot accept children under 4 years into the childcare - because they are simply too intensive for taking good care. We cannot supervise them well enough. (For infants we offer an unattended tent in which you can play with your child, and where you will receive the Livestream from the Gompa.

## 3. WHEN ARE THE OPENING HOURS?

At the childcare you can play each day from 9:50-13:10 o'clock and from 14:50-18:50 o'clock, have fun and enjoy. **Exception:** During the empowerments and the teachings of Sharmapa, the childcare does not offer a program. We will provide a child range in the rear part of the tent. For parents with children who cannot remain quiet for such a long time, there is also a transmission to the infant tent and to an Extra-tent next to the Gompa. We will also open the childcar-tents for the older children and two childkeeper stay there as contactpersons.

## 4. AVOIDING DANGER AND MAINTANANCE

In the Europe Center there are many exciting and therefore not undangerous corners. **Please consider:** even if we are in the field of the Lama, there are nevertheless sources of danger for and by the children. We also have the special situation that we are responsible for the care and maintenance of our Europe Center. Please make it clear to your children that we must deal with all things in the area very carefully and responsibly.

## 5. SANCTIONS

If any difficult cases should arise, we will discuss it together with you to come up with a meaningful approach and will find a suitable solution. When serious rule offences happen (drugs, force, damage, solid injury of the obligation of supervision) a place reference could be enforced.

## 6. PLEASE THINK OF

- enough protection against mosquitos, sun and rain,
- children have to contact childkeepers, if they want to leave the childcare-area ,
- sign clothes with the children names and have a look into lost and found of the childcare if something is missing,
- bring some extra socks if it is raining,
- respect time-rules, otherwise childkeepers have to starve 😊,
- you have the full obligation of supervision at the Europe Center, and you are responsible for your children! (E.g. please take care that your Children are quiet close to the gompa.)

We hope to make a relaxed and beautiful course possible for all our guests through these regulations (whether large or small) and we already thank you for your support!

# RULES

Due to the experiences of the past years, the increasing number of children and the size of the course, there are some rules, particularly regarding the personal delivery:

## CHILDREN AGE 4 - 6

**Please bring them personally to the childcare and pick up your children** from there also again - in time (i.e. in the morning and in the afternoon). The small ones may not wander independently outside of the childcare and all over the place alone, even if for you it is okay and they know the place. We cannot manage so many individual special arrangements. Please make that clear to your child; if running away cannot be prevented, we cannot care of the child.

## CHILDREN AGE 6 - 9

**Please get your children personally to the childcare in morning.** Whoever is not brought, cannot be attended.

## CHILDREN AGE 9 - 12

For these kids there are no special rules for delivering, but we would love to see you from time to time to keep in contact!

## YOUTHCARE

We will offer a cool and nice place, where they can hang out. Together we will see what they want to do with the time!

## As a general rule

For children who do not come to the childcare or leave from the childcare, **we are not able to take responsibility.** (Whoever is not in the support is not cared for 🙄).

I have read and understood the information:
